

## Parent/Student Assist Information

As an Alexander High School parent, you have a wonderful new opportunity to be part of your child's education.

We have started a new program at Alexander High School called the "Parent/Student Assist Program" which allows you and your student to view school records online. Some of the specific areas you will be able to view are attendance, grades, and homework assignments.

**If you choose to participate you will be joining the high school staff in a pilot phase of the program.** The "Parent/Student Assist Program" is linked to SEOVEC (South Eastern Ohio Voluntary Education Cooperative).

Next Steps:

- Complete the form below to receive your username/password information and return to the High School Guidance Office. **Please remember this is secure information and must be kept confidential to prevent a breach of security with your account.**
- Check the Alexander Local Schools website for the SEOVEC "Parent/Student Assist" login. Scroll to the bottom of the home page under the high school section to find the link, as well as a user's guide.

You may call the High School Guidance Office, Redina Dailey, Counselor at 698-8831, ext. 3 or email [www.rdailey@alexanderschools.org](mailto:www.rdailey@alexanderschools.org) with questions or problems with your account information.
