

## **WELCOME TO ALEXANDER MIDDLE SCHOOL**

The Board of Education of the Alexander Local School District has adopted numerous policies governing the operation of its schools and the conduct of its students. While this Handbook provides information about some of these policies, students and parents are subject to all policies of the Board of Education, as they now exist or as they are hereinafter adopted or amended, whether or not these policies are referenced in this Handbook.

It is the policy of the Alexander Local School District that students and parents be given a copy of this handbook, which includes mandatory student standards of conduct and disciplinary sanctions for violation of such standards. At the beginning of each school year, student standards of conduct shall be reviewed with every student.

It is the policy of Alexander Local School District to offer educational programs, services, activities and employment practices without regard to race, religion, national origin, sex, handicap or age.

## **ACCIDENTS AND ILLNESS AT SCHOOL**

All serious accidents and illnesses at school must be reported to the teacher in charge and then to the clinic. The nurse on duty will use professional judgment as to the seriousness of each injury, and every effort will be made to contact parents. Students are not to leave the school grounds and not be taken home unless authorized by parents.

**INFORM THE OFFICE IF YOU CHANGE YOUR ADDRESS OR PHONE NUMBER. IT COULD BE VERY IMPORTANT IN CASE OF AN EMERGENCY.** By law emergency medical forms, which are requested at the start of each school year, are kept on file in the office.

## **ARRIVAL AND DISMISSAL**

Students who walk to school are not to enter the building before 7:30 am. Students arriving between 7:30 a.m and 7:45 a.m. must report to the cafeteria. No student may go to classrooms before 7:45 a.m. Students are expected to leave the building immediately upon being dismissed at 2:45 pm. unless permission is obtained from the office or unless you are taking part in a school function. No student may remain after school or ride a different bus without a note from his/her parent and signed by the office.

## **ATTENDANCE POLICY**

For the purpose of the Alexander Middle School, absences shall be classified as follows:

1. The Alexander Middle School schedule is divided into periods plus homeroom. Absences will be counted accordingly.
2. Students are expected to be present and punctual for all classes throughout the year. Only the following are valid reasons for absence.
  - A. Illness.
  - B. Serious illness or death in the immediate family.
  - C. Medical or dental attention.
  - D. Authorized religious holidays.
  - E Absences approved in advance by the principal.

Students are permitted eight (8) absences per period per school year with a parent note. Thereafter, all absences other than medical or

otherwise authorized by the principal will be deemed unexcused absences.

The Missing Person Law now in effect in Ohio requires that schools notify parents when their child is absent. Parents must call the school if their child is going to be absent on any given day. Office hours are 7:15-3:45.

1. In addition to calling the school office, parent or guardian must write a signed excuse giving student's name, date, days of absence and reason for absence, upon the students return.
2. Student must present excuse to the office.
3. Credit will not be given for work missed during an unexcused absence.
4. Students must be in attendance on the day of an activity before attending or participating.
5. Unexcused absence is defined as any absence not recognized in statute but requested by the parents. Unexcused absences may include, but are not limited to shopping, getting a haircut, missing the bus and leaving school grounds for lunch.
6. Five unexcused absences will be reported to the attendance officer.

The Alexander Local Board of Education has adopted the Athens County School Attendance Program as developed by the Juvenile Division of the Court of Common Pleas of Athens County. The program states in relevant part: The main purpose of this program is to establish the mechanics of procedures to be followed in school attendance and to adopt a uniform attendance program for all school children of Athens County.

The mechanics begin with a first notice being sent by the school principal to the appropriate attendance officer when a child accumulates five (5) days of unexcused absences. Upon receipt of this first notice, the attendance officer, as compelled by law, Section 3321.19 Ohio Revised Code, notifies the child and the child's parents of the compulsory attendance laws and warns that if an additional five (5) unexcused absences are accumulated that further action will be taken. If the child accumulates an additional five (5) days, a second notice is mailed to the attendance officer by the school principal. The attendance officer then may either file an unruly child complaint in the Juvenile Court or request the Juvenile Court to notify the child and the child's parents to be present at an administrative hearing

at a place and before a hearing officer to be designated by the school.

At the administrative hearing, which is held at the child's home school, the hearing officer advises the child of the legal definition of an unruly child, the possible legal consequence of being found to be unruly and advisement of the child's constitutional rights. The hearing officer, also, advises the parent that "failure to send a child to school is a crime for which the parent can be required to post a bond. Additional violations could result in the parent being sentenced to up to 10 days in the Athens County Jail." If the matter is disposed of at the conference level, then the child does not have to appear in Court.

In addition to the above attendance procedures the Alexander Local School district must report to Athens County Juvenile Court students that are absent under the following guidelines.

**Habitual Truant:** any child who is absent without "legitimate excuse for absence from the public school the child is supposed to attend" for five or more consecutive school days, seven or more school days in one school month, or 12 or more school days in a school year.

**Chronic Truant:** any child of age who is absent without legitimate excuse for absence from the public school the child is supposed to attend for seven or more consecutive school days, ten or more school days in one school month, or 15 or more school days in a school year.

### **STUDENT ATTENDANCE POLICY - LOSS OF GRADES FOR EXCESSIVE ABSENCE**

Alexander School District has a commitment to providing a quality education to its students. To achieve this goal, students must consistently be in attendance at school. Excessive absences, even if the absences are excused, cannot be tolerated. Continuity in the learning process is seriously disrupted by a student's excessive absences. Make-up work cannot be adequately substituted for classroom work. Students who have good attendance generally achieve higher grades, enjoy school more, and are more employable after leaving high school. The lack of good attendance causes students to achieve at a level below their potential, and these students frequently experience difficulty in school.

Therefore, to ensure the highest level of student success, Alexander Local School District has instituted the following policy with respect to excessive student absence. The consequences contained in this policy are in addition to any other consequences in Board policy for violation of attendance rules.

### **NO CREDIT POLICY**

1. A middle school student who is absent for thirteen or more days of unauthorized absences during a school year may receive no passing grades for those courses taken during that school year.

2. A medically excused absence is defined as an absence documented by a medical professional. A note from a parent, or from any other non-medical professional, does not constitute a medically excused absence.

3. For purposes of this policy, the following will not be considered as absences: school field trips, college visits, participation in school athletic contests, assemblies, school-sponsored extracurricular activities, and educational options.

4. A warning letter will be sent to a student's home after five days of unauthorized absences in school year. After thirteen days or more of non-medically excused absences during a school year, a letter will be sent home stating that the student may not be receiving passing grades for any courses for that school year.

### **Right of appeal**

1. A student who receives no passing grades for courses under this policy may appeal to the Principal if the absences were the result of unusual or extenuating circumstances.

Circumstances which may be considered in any appeal include:

- a. Unusual family emergency or circumstances
- b. Actual grades earned in courses
- c. Nature and number of absences
- d. Previous attendance history

2. In order to appeal a no-passing grades determination, the student or student's parent or guardian must file a **written appeal** with the Principal within ten days of the date the letter was sent to the student's home indicating that the student had accumulated fourteen or more days of unauthorized absences. The appeal must state

the reason why the student's absences warrant special consideration.

3. The appeal will be considered by the Principal who may uphold the no-passing determination, reverse the no-passing determination, or extend the number of allowable absences. The decision of the Principal is final.
4. Students are responsible for coming to class during an appeal, and also after losing passing grades for the school year. Loss of passing grade does not relieve a student from the responsibility to attend school, and will have no effect on any other penalties established for truancy by law or by Board policy.

### **TARDINESS**

Students arriving after 8:05 a.m. are considered tardy and must report to the office with a note from a parent/guardian or doctor explaining the reason for tardiness. Tardiness will be classified as follows:

- a). Students checking in after 8:05 a.m. will be given an a.m. tardy.
- b). Students checking out between 2:30 and 2:45 p.m. will be given a p.m. tardy.
- c). Missing more than 15 minutes of a class period will result in the student being marked absent for that class period.

Accumulation of four non-medical tardies in any one grading period may result in a detention. Accumulation of additional tardies will result in more serious consequences, including referral to Athens County Juvenile Court.

### **BUS POLICY**

Bus transportation is provided as an assistance to and a privilege for our students. For safety's sake, students who travel by bus are expected to observe the following guidelines on the way to and from school:

#### **Bus Rules**

All students should know their bus number, arrival, and departure times.

1. Pupils shall arrive at the bus stop before the bus is scheduled to arrive.
2. Pupils must wait in a location clear of traffic and away from the bus stops.
3. Behavior at the school bus stop must not endanger any person or any property.

4. Pupils must go directly to their assigned seats, or to any available seat if no seat has been assigned.
5. Pupils must remain seated, keeping aisles and exits clear.
6. Pupils must observe classroom conduct and obey the driver promptly and respectfully; pupils must not distract the driver through misbehavior.
7. Pupils must not use profane language.
8. Pupils must not eat or drink on the bus except as required for medical reasons.
9. Pupils must not use tobacco on the bus.
10. Pupils must not have alcohol or drugs in their possession on the bus except for prescription medication required for a student.
11. Pupils must not throw or pass objects on, from or into the bus.
12. Pupils may keep with them at their seats those objects that can be held in their laps. Larger items may be stored, so long as a clear aisle to the exit door is maintained at all times and so long as each student can remain seated (no standees).
13. Pupils must leave or board the bus at locations to which they have been assigned unless they have a note to do otherwise signed by a parent or guardian and authorized by the school administration.
14. Pupils must not extend any part of their bodies out of the bus windows.
15. While waiting for the bus and while on the bus, pupils must conform their behavior to all of the provisions of the Student Code of Conduct.
16. Pupils must not engage in any behavior which interferes with the safe, orderly and efficient operation of the bus.
17. Students are not allowed to bring animals, balloons, or glass containers on the bus. All balls must be in book bags.

### **BUS BEHAVIOR MANAGEMENT PROGRAM**

Minor Offense; Behavior within a driver's control

1. Verbal warning
2. Reassign bus seats as needed.
3. Private conference with student.
4. Parent/Guardian courtesy letter.

Bus Safety Intervention:

1. Parent/Guardian courtesy letter sent home after 3 offenses recorded by bus driver.
2. First referral to the office: The student will receive one day bus suspension.

3. Second referral to the office: The student will be suspended from the bus for 3 days.
  4. Third referral to the office: The student will be suspended from the bus for 5 days.
  5. Fourth referral to the office: The student will be suspended from the bus for 10 days.
  6. Fifth referral to the office: Removal from the bus for the remainder of the year.
- “If severity dictates, any of the progressive steps may be bypassed.”

### **CLOSED CAMPUS**

We have a closed campus policy. Students must stay on the school grounds from the time they arrive until dismissal.

Students must bring a written parental request to the office in order to leave the grounds for any reason. All students leaving school are to be signed out by their parent or guardian in the office.

### **DELAYING OR CLOSING SCHOOL**

The following procedures will be used when making a decision to delay or cancel school because of adverse weather conditions:

1. The superintendent will announce as early as possible to local radio when school will be delayed or closed due to inclement weather.
2. When it is questionable whether school should be canceled, the superintendent will delay the start of school. Delays maybe in increments of 1 or 2 hours, or may result in cancellation.
3. If school has already begun and weather conditions change drastically and it appears best to dismiss school early, the radio stations will be notified, bus drivers called, and students will be taken home as soon as possible.
4. It shall be the bus drivers' decision whether to use the short route schedules. Their decisions will be based on the road conditions of their particular routes.

Please make preparations with your children regarding what to do or where to go in the event that school is dismissed early.

Because of limited phone lines, parents and employees are asked to listen to the radio stations or check the school

website([alexanderschools.org](http://alexanderschools.org)), or the school information line for delays, closings or early dismissals rather than to call the school, principal or superintendent.

### **DISASTER ALERTS AND PLANS**

In case of a fire or other emergency, the signal to evacuate the building will be a continuous sounding of the fire bell. Tornado alerts are indicated by a sharp blast from a horn.

There is an evacuation plan posted in each room which indicates procedures for evacuating the room. In case of an alarm, walk to the exit area designated for your room.

Silence must be maintained throughout the drill so that any verbal directions may be heard.

Alexander Middle School has a disaster plan in place in the event an emergency should occur. In order to report a threat or potential danger to anyone at the middle school, a 24-hour Hotline is maintained at 877-655-7804.

In the event that an evacuation from the campus, parents should pick up their children at the Christ Community Wesleyan Church or Meadowbrook Road little league fields.

### **DRESS CODE**

See U Inappropriate Dress, page 12.

### **FEES AND FINES**

The Board of Education may enforce the payment of fees and charges imposed upon pupils for the loss, damage, or destruction of school apparatus, equipment, musical instruments, library materials, textbooks furnished without charges, and for damage to school buildings and property, including graffiti. These fees and fines may be enforced by withholding grades and credits of the pupils concerned until restitution is completed by the student.

### **GRADING POLICY**

The grading scale established by Alexander Local School District is as follows:

93 - 100% = A	73 - 76% = C
90 - 92% = A-	70 - 72% = C-
87 - 89% = B+	67 - 69% = D+
83 - 86% = B	60 - 66% = D

80 - 82% = B-  
77 - 79% = C+

0 - 59% = F

### **LICE – NIT FREE POLICY**

Alexander Middle School has a nit free policy regarding lice. Should a student have lice, they may not return to school until they have been checked by the office and found to have no nits (eggs). Students need to be brought into the health aide station at 7:45 to have their heads checked before returning to school. Students may not ride the buses until cleared by the office. This is an effort to prevent the spread of lice.

When a student is found through routine checks to have lice parents will be notified and the student will be sent home with information on how to remedy the problem. Unfortunately, lice are a common problem in middle schools much like a cold or the flu. Every effort is given in the prevention of the spread of lice. No more than two days of absences will be excused for lice.

### **IMMUNIZATIONS**

Acceptable medical records certifying that the pupil has had at least four doses of DPT vaccine (if all 4 doses were received before age 4 a fifth dose is required), three doses of Polio vaccine (if all 3 doses were received before age 4 a fourth dose is required), two immunizations against measles, rubella, and mumps (after 1<sup>st</sup> birthday and at least 1 month later or certification from a doctor stating the child has had the disease), three Hepatitis B shots, and a Tine test must be on file in the school office. School officials are empowered to exclude children from school who do not meet these requirements.

On August 1, 1992, an updated Immunization Law went into effect. The new law requires that prior to entering the 7th grade, students must have documentation of two doses of live measles, mumps and rubella vaccine. The second dose at least 30 days after the first dose. This law will substantially reduce the pool of susceptible and therefore eliminate or limit outbreaks of these diseases in Ohio.

### **INTERNET POLICY**

Students and parents are required to sign an Internet Policy before being permitted to access the Internet. The policy will require students never to give out the following information: home address, phone number, the name and location of the school, or a personal picture. Students will notify the teacher immediately if they come across any information that makes them feel uncomfortable. They will always treat people online with respect and will not reply to any messages that make them feel uncomfortable.

### **LOCKDOWN PROCEDURES**

In the event that a lockdown becomes necessary, the principal or designee will announce that the school is in a lockdown. All classroom doors are to be locked and students must remain in their classrooms until a further announcement by the principal or designee is made.

### **LOCKER SEARCHES**

Student lockers are the property of the Board of Education. The Board of Education authorizes each principal or principal's designee to randomly search any pupil's locker and its contents at any time. Random searches may be conducted without regard to whether there is reasonable suspicion that any locker or its contents contain evidence of violation of a criminal statute or school rule.

### **LOST AND FOUND**

All textbooks, articles, etc., found in the building, on the school bus or grounds should be taken to the office promptly. It is recommended that names be placed on as many articles as possible to help in restoring them to their owners. Items will be kept only 30 days before disposal. Each student is responsible for his/her personal property.

Articles not claimed will be given to needy organizations.

### **MAKE-UP WORK**

Students who are absent for any excused reason will be required to make up work missed in each class. This work should take approximately the same time missed from class. One day will be

allowed for make-up work for each day missed. Make-up work not turned in on time will not receive credit. Due to the structure of the school day, it is virtually impossible to provide assignments for ill children the day they are absent. Assignment requests received before noon will be sent home the following day at the end of school. During short-term absences of one or two days, it is usually better for the child to get their make-up assignments when they return to school.

It is the student's responsibility to obtain from his/her teachers all make-up assignments upon his/her return to school from an absence.

## **MARITAL/PARENTAL POLICY**

### **Pregnant Students**

Educational opportunities are part of the value system of a free society. In our increasing complex and technological society education is a prerequisite for the opportunity to lead a full and productive life. Therefore, the Board affirms the right of a pregnant student and the father (if a student) to continue her/his participation in the public school program.

As soon as the pregnancy is medically confirmed, the Board recommends that the student consult with a member of the pupil personnel, counselors, or principal to plan her educational program.

With a staff member involved, the student may elect any of the following education plans or suggest alternatives:

1. She may remain in her present school program, with modifications as necessary, until the birth of her baby is imminent or until her physician states that continued participation would be detrimental to her health.
2. She may receive homebound instruction from the date of her pregnancy leave until her physician states that she is physically able to return to school.
3. She may enroll in an approved education program.

Every effort will be made to see that the education program of all students (both male and female) is disrupted as little as possible; that all students receive health and counseling services, as well as instruction; that they be encouraged to return to school after delivery; and that each

student is given every opportunity to complete high school.

## **MEDICATION**

1. If at all possible, parents should arrange with their physician to have medication administration scheduled before and/or after school so that school district personnel are not required to administer said medication.

2. When medication must be administered at school, parents should, if possible, make arrangements to visit the school to administer the medication to their children.

3. In the event paragraphs (1) and (2) of this policy cannot be followed, the Board of Education authorizes the health aide to assist in dispensing medication during the regular school day (including over-the-counter medication which has been prescribed by a physician.) The Health Aide handles the storing and dispensing of medication.

4. Assistance in dispensing medication must be requested by a parent/guardian and physician. The request for assistance in dispensing medication must be in writing on the Authorization for Administration of Medication Form approved by the Board of Education. This form must be completely filled out and must include the signatures of both the prescribing physician and at least one custodial parent or legal guardian of the student. This form may be obtained from the office.

5. Where medication is presented to school personnel by a student or parent/guardian for dispensing without the appropriate form, the health aide shall accept custody of the medication, and the following procedures shall be used:

5.1 The Health Aide shall inform the parent/guardian about the proper procedure for requesting assistance in dispensing medication.

5.2 The Health Aide shall contact the office of the prescribing physician to verify the request and the drug to be administered and advise that an appropriate form will be transmitted to physician for completion and signature.

5.3 Upon verifying that the request for assistance is authorized by both parent/guardian and the physician, and upon receipt of the appropriate form, the Health Aide may dispense the medication.

6. The Health Aide authorized to administer medication shall receive a copy of the Authorization for Administration of Medication

Form signed by the parent/guardian and physician.

7. The medication must be received by the Health Aide authorized to administer the medication in the container in which it was dispensed by the prescribing physician or other licensed professional.

8. The Health Aide will establish a location in each school building for the storage of medication to be administered. All such medications shall be stored in that location in a locked storage place. Medication that requires refrigeration should be kept in a refrigerator in a place not commonly used by students.

9. A month's supply of medication may be sent to the school at one time. The health aide may dispose of any unused medication fourteen (14) days after the termination of administration of medication if attempts to return the unused medication to the parent/guardian have failed. The principal and at least one other school staff member will witness the disposal and both shall sign a dated statement attesting to the disposal.

10. The parent/guardian must submit a revised statement signed by physician who prescribed the medication if any of the information provided by the physician changes.

11. No person who has been authorized by the Board of Education to administer medication and who has a copy of the most recent Authorized Form which was to him/her prior to administering the medication will be liable in civil damages for administering or failing to administer the medication, unless such person acts in a manner that constitutes gross negligence or wanton or reckless misconduct.

12. Board policy and regulations regarding the administration and dispensation of medication may be changed, modified, or revised by action of the Board.

### **PARENT-TEACHER CONFERENCES**

We believe that Parent-Teacher Conferences are very important in helping to better understand and meet the needs of our students. First and second semester Parent-Teacher Conference Days are held yearly and parents are urged to attend.

Teachers and parents sometimes foresee a need for additional conferences throughout the year. These are initiated by either party and held at mutually convenient times. Conferences are not to occur when teachers are giving classroom instruction.

Please contact your child's teacher if you would like to schedule a conference.

### **PHYSICAL EDUCATION**

The school will honor notes from parents for students to be excused from gym for a very limited period; normally, not to exceed one day. If for some reason a student cannot participate in physical education for any continued length of time, a note from a family physician must be presented to the teacher.

### **PROTECTION OF PERSONAL PROPERTY**

The Alexander Local School District endeavors to maintain adequate and reasonable supervision. However, it must be recognized that not all thefts and damages are preventable. Students should help in preventing theft by following these suggestions:

1. Extra money should not be brought to school.
2. Combination locks should NOT be set to open with only the last number of the combination.
3. Valuable items should not be stored in lockers or left unattended.
4. Billfolds and purses should be attended to at all times.

### **REPORT CARDS AND INTERIM REPORTS**

Report cards are issued at the end of each nine-week grading period.

Interim reports are sent to parents during the third to sixth week of the nine-week grading period.

### **SECURITY**

All school buildings and grounds will be electronically monitored for security purposes at all times.

### **SIGN-OUT PROCEDURES-EMERGENCY**

Students may be released from school on an emergency basis if parents request the release. However, unless an emergency can be established, written excuses must be submitted in advance (e.g. a student with a dental appointment

should notify the school one day prior to the appointment). A NOTE MUST, IN ALL CASES, BE SUBMITTED WITHIN TWO DAYS OF THE STUDENT'S RETURN TO SCHOOL.

### **SIGN-OUT PROCEDURES-NORMAL**

Before a student leaves school property, he or she MUST sign out in the main office in the following manner: (Parents must keep in mind Alexander's Attendance Policy in regards to credit for each class.)

1. The student must present a written note signed by parent or guardian with a specific reason or reasons for leaving school. Even though the student may be 18 years of age, this note is still needed. This note must be presented to the office before school begins.
2. The parent or guardian may come to school and sign the student out.
3. The parent or guardian may be phoned and asked to clarify a note in advance of any student checking out. The parent or guardian may phone the school in order to sign a student out and have the student present a note as stated in the emergency sign out procedure.
4. The student must report to the office and sign out immediately before leaving the school. Students should not sign out until it is necessary to leave school. (There must be no loitering at school after signing out.)
5. Students and parents must be very conscious of our attendance policy regarding credit.

### **STUDENT DIRECTORY INFORMATION**

Student information including parents' names, address, phone number, date of birth, grade level, extracurricular participation, achievement awards or honors is public information. Parents that wish school officials not to release directory information should send a signed statement to the school.

### **STUDENT USE OF THE OFFICE**

All business by students that requires coming to the office is to be taken care of immediately upon arrival to school in the morning.

The school phone is primarily for school business only. There are many times when students wish to call home for various reasons which are often unnecessary. Phone use is for emergencies only. A courtesy phone is provided for student use when necessary.

Message and deliveries from home should be left in the office. Students will be called out of class only in an emergency.

### **TALENTED AND GIFTED**

The Alexander Local Board of Education ensures equal opportunity and access to fair and equitable assessment in four areas of giftedness: Superior Cognitive; Specific Academic; Creative Thinking; and Visual or Performing Arts.

The Ohio Department of Education has approved the district's policy and plan for the identification of gifted students. The entire document may be viewed upon request. Questions or concerns regarding gifted programming and assessment should be directed to the coordinator of talented and gifted education.

### **TARDINESS (See attendance)**

### **TEXTBOOKS**

The school furnishes books to all students. This is done with the hope that this major investment will be properly safeguarded. Reasonable damage is expected as a result of daily use.

#### **UNREASONABLE DAMAGE TO TEXTBOOKS WILL RESULT IN FINES.**

Lost textbooks must be paid for and replaced immediately. The fines for these must be paid to the office at the time of damage or loss.

### **VISITORS**

Students are not allowed to bring visitors to school. Parents are welcome, but they must request the opportunity to visit a classroom through the building principal. Twenty-four (24) hours notice must be given.

All visitors are to report to the office to receive permission to visit classes or be in the building.

### **WITHDRAWAL PROCEDURES**

A student who withdraws from the District during the school year must pick up a withdrawal form from the guidance office at the beginning of his/her last day at school. Parent/guardian must provide the guidance office with information as to the new school the student will be attending. If a student of compulsory school age withdraws for a reason other than change of residence and is not enrolled in and attending an approved program, the superintendent shall notify the registrar of motor vehicles and the juvenile judge in accordance with Section 3321.13 of the Ohio Revised Code. Upon request from the new school and if all books have been turned in and charges and fees paid, records will be released.

### **CODE OF CONDUCT**

The items in this Code are applicable to all students when properly under the authority of school personnel during a school activity, function, or event whether on property owned, rented, or maintained by the Alexander Board of Education or property owned, rented or maintained by another party. Additionally, students may be disciplined for misconduct in violation of Board policy or school rules that occurs off school property but that is connected to activities or incidents that have occurred on school property or actions, regardless of where they occur, that are directed at an Alexander Local school official or employee, or the property of such school official or employee.

A. You will receive a copy of the Discipline Form with a description of your misbehavior and the day you will serve detention.

B. If a student does not serve the assigned detention the detention will be changed to Suspension or Saturday School.

C. If you cannot pick up your child on the date scheduled you must call and talk to the principal so that an alternative date may be set. Do not send notes or messages with your child.

2. Disciplinary Removal is an action less severe than suspension, expulsion, or emergency removal and is defined as the denial permission to attend classes for a period of less than one school day, or denial of permission to participate in an extracurricular activity with which the student has been involved.

3. In-School Intervention is the removal of a student from his/her regularly scheduled classes for not more than ten (10) consecutive days. Students will be under the supervision of a certified teacher during in-school intervention, and will do school assignments. In-school intervention will be assigned at the discretion of the administration, following an informal meeting at which the student may contest the grounds for the in-school intervention.

4. Saturday School is an alternative to suspension wherein the students will continue to attend their regular classes but are allowed to attend Saturday school instead of being

suspended. If the student fails to report to Saturday school, suspension or other appropriate action will proceed.

5. Suspension is defined as the denial to a student for a period of at least one (1) but not more than ten (10) school days of permission to attend school and to take part in any school function. If at the time a suspension is imposed there are fewer than ten school days remaining in the school year in which the incident that gives rise to the suspension takes place, the superintendent may apply any remaining part or all of the period of the suspension to the following school year.

The following steps will be used when suspending a student:

A. Written notice of intention to suspend will be given to the student, stating the reasons for the intended suspension.

B. The student will be allowed to challenge the reason for the intended suspension or otherwise explain his/her actions at an informal hearing before the Principal, Assistant Principals, Superintendent, or Superintendent's designee. This informal hearing may occur immediately.

C. If the outcome of the informal hearing is suspension, the student, the student's parent, guardian or custodian, and the Treasurer of the Board of Education will be notified of the suspension in writing by the principal or Superintendent within one school day of the suspension. The notice will include the reason for the suspension, notice of possible permanent exclusion, where applicable, and information regarding the rights of the student, parent, guardian or custodian. If the student, parent, guardian or custodian appeal the suspension, the imposition of the penalty shall not be stayed pending the appeal. Students shall serve their suspensions immediately. If the suspension is overturned, the student will be given the opportunity to make up assignments and tests missed while the student was suspended.

D. During the period of suspension, the student may not attend school, be on the school property, or participate in any extracurricular activities. No credit will be given for any work or tests missed during this time.

E. In conjunction, with, or in place of, suspension, the Superintendent may require a

student to perform community service within the school or in the larger community, during school or non-school hours. Such requirement may extend beyond the end of the school year in lieu of applying the suspension into the following school year. Use of this community service option and any related reported by or monitoring of students performing such community service shall be determined by the Superintendent, in his or her sole discretion.

F. The student has the right to appeal the decision and have a hearing before the Board of Education or its designee, and to be represented in the appeal by a representative of his choosing. The student may request that any decision before the Board of Education be held in executive session. Any action by the board shall be taken at a public meeting. If the student wishes to appeal the suspension, the principal must be notified in writing ten (10) calendar days from the date of the notice of suspension. The imposition of the penalty shall not be stayed pending the appeal.

5. Emergency Removal is defined as the removal of a student whose presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process taking place either within a classroom or elsewhere on the school premises.

The following procedure will be used to carry out the emergency removal of a student:

A. The Superintendent, principal or assistant principal may remove the pupil from curricular activities or from the school premises.

B. A teacher may remove the pupil from curricular activities under his/her supervision. As soon as practical after removal the teacher will provide the principal with written reasons for the removal.

C. Written notice of a hearing and of the reason for the removal will be given as soon as practicable prior to the hearing, and the hearing will be held within three school days from the time the removal is ordered. The hearing will be conducted as provided in this code for proposed suspensions, unless it is probable that the student may be subject to expulsion in which case the hearing will comply with the procedures for hearings in connection with proposed expulsions except that the hearing shall be held within three

school days. The person who caused the removal shall be present at the hearing.

Note: Notice and a hearing will not be provided in connection with a removal which occurs pursuant to normal disciplinary procedures, if it is for a period of less than one school day, and involves a student who is not subject to further suspension or expulsion.

6. Expulsion is defined as the exclusion of a student of permission to attend school and to take part in any school for function for a period exceeding ten (10) school days but not exceeding the greater of eighty (80) school days, or 1 calendar year when authorized by law. If at the time an expulsion is imposed, there are fewer school days remaining in the school year than the expulsion period, the superintendent may apply any remaining part or all of the period of the expulsion to the following school year. Expulsions may exceed eighty (80) days when imposed for a violation of the district's policies concerning firearms, knives, violent acts or bomb threats or when otherwise authorized by the Ohio Revised Code.

The following procedures will be used when expelling a student:

A. Notice of intention to expel will be given to the student and parent or guardian by the superintendent. The notice will include the reason for the intended expulsion, the time and place of the hearing on the intended expulsion, the right of the student and the student's parent, guardian, or custodian to appear at the hearing to contest the proposed expulsion, and the possibility of permanent exclusion, where applicable.

B. A hearing will be held no less than three and no more than five school days after the notice is given. At the hearing, the student and the student's parent, guardian, or custodian may appear in person before the Superintendent or the Superintendent's designee to contest the proposed expulsion.

C. If the outcome of the informal hearing is expulsion, the student, the student's parent, guardian or custodian, and the Treasurer of the Board of Education will be notified in writing by the Principal or Superintendent within one school day of the expulsion. The notice will include the reason for the expulsion, and, where applicable, notification of the possibility of permanent

exclusion. The notice will also describe the rights of the student and the student's parent, guardian or custodian to request a hearing before the Board or designee to appeal the expulsion, and to request that any hearing before the board be held in executive session.

D. If an expulsion is for more than twenty school days or extends into the next school semester or year, the notice sent to the student and to the student's parent, guardian, or custodian, additionally shall include information regarding services or programs offered by public or private agencies that work toward improving those aspects of the pupil's attitudes and behavior that contributed to the incident that gave rise to the pupil's expulsion. The information shall include names, addresses, and phone numbers of the appropriate public and private agencies.

E. During the period of expulsion and any appeal, the student may not attend school, be on school property, or participate in any extracurricular activities. In its discretion, the Board of Education may, but is not required to, provide education services to the student in an alternative setting. No credit will be given for any work or tests missed during the expulsion.

F. In conjunction with or in place of expulsion, the superintendent may require a student to perform community service within the school or in the larger community, during school or non-school hours. Such requirement may extend beyond the end of the school year in lieu of applying the expulsion into the following school year. Use of this community service option and any related reporting by or monitoring of students performing such community service shall be determined by the Superintendent, in his or her sole discretion.

G. The student has the right to appeal the decision to the Board or its designee, to be granted a hearing before the Board of Education or its designee in order to be heard against such expulsion, and to be represented in the appeal by a representative of his choosing. The student may request that any hearing before the Board of Education be held in executive session. If the student wishes to appeal the expulsion, the Superintendent must be notified in writing ten (10) calendar days from the date of the expulsion notice. By majority vote of the Board in public

session or by action of the designee, the Board may affirm the expulsion, reinstate the pupil or otherwise alter the order of expulsion. The Board or its designee shall make a verbatim record of its hearing. The imposition of the penalty shall not be stayed pending the appeal.

7. Alternative Education Program Alternative School is an option in lieu of suspension and/or expulsion. Through an agreement with the Athens-Meigs Education Service Center students may be placed in the Athens Alternative Education Program. Placement may be on a long-term or short-term basis, depending on the circumstances under which it was determined to be an appropriate placement. The following criteria may apply:

1. Special services not offered in the Alexander Local School District (i.e. behavior modification needs identified in assessment).
2. Attending classes at this site instead of being suspended or expelled from school (allows a student to continue school work to earn credit).

when 16 years of age or older, one of the offenses in violation of the following cited sections of the Ohio Revised Code (See Board Policy).

10. Administrative Hearing is a formal procedure involving the student, parent or guardian, and principal when a serious infraction of school rules and/or a violation of the law has occurred. In an administrative hearing, parents or guardians are notified through the juvenile court that the principal has been appointed an officer of the court and that the parents or guardians are to be present at the hearing. The hearing is held in lieu of a court appearance and has the advantage for the student of possibly generating no criminal records. The primary purpose of the administrative hearing is to resolve problems at the school level and avoid a criminal record. The administrative hearing is in addition to any other due process procedure called for by law.

# ALEXANDER ATHLETIC HANDBOOK

## ATHLETIC POLICIES AND PROCEDURES

This athletic handbook is designed as a set of guidelines, rules, and responsibilities for Alexander student athletes in grades 7-12. From time to time our policies and regulations may change. In choosing to participate in school extra-curricular athletics, students are accepting a special responsibility to themselves, their teammates, school, parents, and community. Society in general has put increasing pressure on athletes to be involved in substance abuse, poor sportsmanship, and various criminal-type behaviors. At Alexander, our goal is for our athletes to be drug free, show good sportsmanship and be outstanding citizens in our community. We also want to encourage the development of good citizenship and sportsmanship through athletic participation. We believe athletics truly are a major part of a well-rounded educational experience. We are intentionally making efforts to foster a “family”

atmosphere in our athletic programs. By “family” we mean student athletes, parents, coaches, and school administration and staff working together to develop responsibility and accountability. Our goal is to develop and promote what the Ohio High School Athletic Association calls Clique I athletes, parents, and coaches. Let us all work together to make athletics at Alexander a meaningful educational experience.

### **Code Of Ethics For Spectators**

Winning is often so important that some people lose sight of the educational value inherent in athletics. If the full benefit of athletics as a tool is to be utilized, educational institutions must immediately concern themselves with spectator sportsmanship.

The playing of the game should be regarded by the spectators as an art and should be appreciated and enjoyed as such. Respect for all players, coaches, and officials, regardless of their own team loyalty, is essential for raising the standards of good sportsmanship.

Ethical Considerations for the Spectator:

1. Recognize the official as a person of integrity and qualification and respect the decision accordingly.
2. Refrain from creating disturbances that would be detrimental to the flow of the game and/or to the safety of the participants involved.
3. Refrain from harassment, profane language or ostentatious behavior in respect to players and coaches.
4. Become familiar with the rules of the game in order to enjoy it more and to understand the decisions by the officials.
5. Exhibit respect for the local policies and regulations

regarding the usage of the athletic facilities.

6. Exhibit team loyalties and support without negative action toward their opponents or officials of the game.

Any person who feels he or she can support these rules of ethics is welcome to any athletic contest supervised by and for the Alexander Local School District.

### **Athletic Philosophy**

The Alexander Local School District recognizes athletics as one of the many educational experiences provided for youth during their school years. With this in mind, the purposes of our athletic program are:

1. To provide students with the opportunity to engage in competitive activities and to come to understand that word “compete” is derived from Latin words meaning, “to strive together”.
2. To provide students with the opportunity to experience self-discipline, sacrifice, and dedication as means of achieving goals.
3. To provide students with the opportunity to exemplify good sportsmanship as a means for learning good citizenship.
4. To provide students with the opportunity to experience working as a member of a team in order to achieve a goal, and in the process, learn that cooperation and competition are not mutually exclusive concepts.
5. To provide students with the opportunity to experience both winning and losing. Students should come to understand that losing provides opportunities to learn, setting the stage for future winning, and that winning is not as important as an end result, as it is as a feedback indicator that you’re probably doing a pretty good job as individuals and as a team.
6. To demonstrate to students that real, lasting satisfaction comes not so much from “winning” per se as from doing the job to the best of your ability.

7. To demonstrate to students that as individuals they are capable of achieving more than they think they are capable of achieving.
8. To provide students with the opportunity to engage in competitive experience in an acceptable manner.
9. To provide students with the opportunity to experience a feeling of self-worth and to develop self-confidence.
10. To provide students with the opportunity for experience in problem solving and decision making.
11. To provide students with the opportunity to engage in organized activities with other students whose backgrounds and academic abilities may be dissimilar from their own.
12. To provide students with the opportunity to learn new skills beyond those acquired in physical education classes and to improve upon those already acquired.
13. To provide students with the opportunity to understand and practice the principles of sound health, safety, and physical fitness.
14. To provide students with the opportunity to develop the ability and desire to use their time effectively.
15. To provide students with the opportunity to have a positive rallying point for the school in order to help them develop school loyalty and a sense of participation in a larger whole.

skills and develop leadership qualities. These values are more readily attained when the program is based upon accepted standards and practices developed by professional leaders in education and when competing teams are members of, and follow the regulations approved by, a state high school athletic association. These regulations for high school interscholastic athletics of the Ohio High School Athletic Association are based upon the following principles and policies:

1. The major emphasis on interscholastic athletics should be upon skilled plan and good sportsmanship. Competition should be equitable in order that full learning and enjoyment may be realized from game participation.
2. Every attempt should be made to provide favorable playing conditions in order that the competitive experiences of the students may be wholesome and result in the attainment of desirable attitudes and conduct.
3. The interscholastic program should be offered in conjunction with a comprehensive instructional physical education and intramural program. It should encompass a variety of activities.
4. The program should be financed by budgeted organizational and school funds rather than solely by admission charges.
5. The contest rules, regulations and supervision of the program should insure the maximum protection of the health and safety of the players.
6. Limitations should be placed upon the length of the sport season, the number of practice

**Ohio High School Athletic Association**

In addition to all policies of the Alexander Local School District, student athletes are subject to all of the rules of the Ohio High School Athletic Association (OHSAA).

The Alexander Local School District endorses the following statement of principles of the OHSAA:

Competitive sports are an inherent part of the total education program for students in secondary schools. When properly organized and conducted, inter-school athletics provide numerous opportunities for students to participate in activities, which promote growth and development, teach social and recreational

periods and the number of interscholastic contests played.

7. It is recommended that a student be a member of no more than one interscholastic team at any one time.
8. Athletic events shall be played according to the contest rules and regulations approved and adopted by the Board of Control.

### **Head Coaches Responsibility**

All coaches distribute their own individual sets of written rules for their particular sport. The signature of each athlete and athlete's parent is required as proof that the athlete received a copy of these rules; one copy must be kept in the athletic director's office and each individual athlete must have a copy. Each head coach is given a set of guidelines from the board of education.

### **Pep Sessions**

The number of pep sessions is limited. Cheerleaders should consult the advisor who in turn will clear it through the school administrator. If the coach wants a pep session, he/she should clear it through the administrator and consult the cheerleading advisor in order to set up a schedule. The advisor is responsible for contacting the band director if music is desired.

### **Athletic Banquets**

An awards program and banquet will be held after each of the three sports seasons during the school year. The fall banquets will be held in November and will include members of the football, volleyball, cross-country, soccer, golf teams and cheerleaders. The winter banquet will be held in March and will include basketball players, cheerleaders, and swimmers. The spring banquets will be held in May and will include baseball, softball and track and field. All athletes must attend their scheduled banquet. If attendance is not possible, arrangements must be worked out with the coach and Athletic Director. Failure to attend the awards banquet may result in an athlete not receiving an award as determined by the athletic director.

A senior sports banquet will be held in May honoring all senior athletes. The athletes will be required to dress up for this special banquet.

### **Athletic Participant**

All those associated with the Athletic program are expected to act in a manner that will not discredit their family, school, and community, but most importantly, themselves.

When rules governing our society are broken, penalties are forthcoming. If rules of conduct, as designated by your coaches are broken, it is assumed you are also willing to pay the price for the infraction.

To force you to obey rules defeats our purpose. We sincerely hope you will feel a sense of responsibility toward maintaining them.

There are advantages and disadvantages to participating on athletic teams. The advantages are far too numerous to mention here. You are already aware of many, but you will realize others as you mature.

Some disadvantages are:

1. You may work hard and never become a starter.
2. Training rules may "cramp" your social style.
3. You will have to spend much time participating while some of your friends are out having a good time.
4. In spite of decreased study time, you still must do the job in the class room.
5. The work is often hard, tiresome and monotonous.
6. Injury is possible.

When you agree to participate on an athletic team you have made a commitment not only to your teammates and coach, but also to yourself.

The coach or trainer will record all injuries for insurance purposes. All injured athletes capable of being at practice or games after a serious injury must present a medical release signed by a doctor.

### Warning: Anabolic Steroids

Improper use of anabolic steroids may cause serious or fatal health problems, such as heart disease, stroke, cancer, growth deformities, infertility, personality changes, severe acne, and baldness. Possession, sale, or use of anabolic steroids without a valid prescription is a crime punishable by a fine and imprisonment. Additionally, such conduct may subject an athlete to penalties provided under the Student Code of Conduct and under these Athletic Policies.

This warning shall be conspicuously posted in the locker rooms of Alexander Local High School and Junior High School.

### Practices and Games During Heat Index

The Board of Education has adopted the Ohio High School Athletic Association's heat index policy for practices and games. Anytime the heat index reaches a dangerous or critical zone, the Athletic Director will consult with coaches and administrators to decide what type of practice modifications should be made. If the A.D. and building administrators decide that a suitable modification in a practice cannot be made, practice will be cancelled for that day. If the heat index warning extends, a decision will be made daily using this procedure.

### Practice On Holidays And Sundays

No athletic teams will be scheduled to play or practice on a holiday or Sunday without advance permission through the athletic director.

### Student Participation

Once an official contest has been played, athletes are not permitted to jump from one sport to another sport unless that student just moved into our school district.

### No Re-Entry

Once students arrive at a home contest they must remain until they are ready to leave. There will be no re-entry for students who leave contests early.

### **Alexander Jr. High and High School Athletic Participation Rules**

A student participates in athletics by choice. In so doing, the student also chooses to adhere to the athletic participation rules. **A Spartan student athlete will not do anything that will jeopardize their chances for playing or the team's chance for success.** The following is a list of regulations and penalties that apply to all athletic activities at Alexander Jr. High and High School. These rules apply during the entire sport season, on and off school grounds, 24 hours per day, 7 days per week. In addition to these rules, each coach or advisor will develop regulations and penalties that apply to that sport or activity. Coaches may impose team rules that are consistent with School Board Policy and Procedures. Students may also be suspended from an activity or sport for a violation of general school rules as set forth in the student conduct code.

The imposition of the penalty shall not be stayed pending appeal. Appeals regarding a proposed suspension from extracurricular activities shall be taken to the superintendent. (For example, a coach/advisor may determine that a student may attend a play, concert, or other activity or competition, as part of an activity, but may determine that the student will not participate in the event. This is not considered to be a removal from extracurricular participation as defined in this policy, since the student is still attending the activity as part of the activity).

### Practices

Missing an athletic practice for personal reasons including: senior pictures, hunting, or hair appointments are not excused absences. Students should make every attempt to schedule these appointments at another time.

Mandatory fall sports practices begin the Monday of Athens County Fair week. During fair week, student athletes are expected to attend all practices. Missed practices that are fair related, must be **approved in advance between the student, parent and head coach**.

Otherwise, students may be assigned extra conditioning, face reduction in playing time, or be cut from the squad. The same rules apply to vacations or other special local events.

Playing multiple sports during the same season can be done, with permission from the Athletic Director.

All athletes must ride to athletic contests on school transportation unless prior permission has been obtained from the administration. Athletes are encouraged to ride school transportation from events unless prior permission has been obtained from the coach.

### Appropriate Dress & Grooming

Each athlete is responsible to dress and groom appropriately while attending away competitions. The wearing of inappropriate attire could result in removal from team competition on the specific day an infraction occurs. See your coach or athletic director if you are concerned about
