August 12, 2021

Dear Parents,

The Ohio Department of Health (ODH) has informed school districts in Ohio that the use of masks and or facial coverings will be recommended but not mandated for the upcoming school year. In accordance with ODH recommendation, the use of masks or facial coverings will be recommended for all students, staff and visitors for the 2021-2022 school year at Alexander Local. Additionally, the district will be asking students, staff and parent/guardian to adhere to the following guidelines:

- Mask wearing on the school bus is required by law. **Please enter the bus with mask on.**
- Mask wearing will help prevent quarantines due to exposure.
- If you are showing any signs or symptoms of COVID or the flu, please stay home until you are symptom free for 24 hours.
- Please do a wellness check before coming to school or a school-related event. If you have a temperature above 100 degrees, you should refrain from coming to school until you are symptom free for 24 hours.
- Please continue to practice good hygiene (wash hands, cover your mouth if you sneeze or cough, refrain from touching your nose and mouth).
- Please be respectful and supportive of those wearing masks in our buildings and on campus.
- Cleaning protocols will continue to be stressed at all levels and functions in the district.
- Medical questions, please contact our staff in the clinic.

Alexander Local would also like to remind all parents that we will not be offering the 100% remote education platform like we had last school year. Alexander will be holding in-person classes five days per week for all students during the 2021-2022 school year. If you have any questions or concerns in regards to this district update, please do not hesitate to contact our district office (740) 698-8831. Please visit our website for additional information:

Respectfully,  
Lindy Douglas, Superintendent

## Guidelines for Quarantine After Exposure in K-12 Classroom Settings

This chart can help guide quarantine decisions after a student or adult contact is exposed to someone with COVID-19 in the classroom setting.

\*This flowchart applies only to COVID-19 exposures that occurred within a K-12 classroom setting. It is not applicable to exposure in the community, extracurricular, or sports environment.

\*\*The person who tested positive for COVID-19 should follow standard isolation procedures.
